

Call for sponsoring

<http://www.eurosys.org/2009>

The EuroSys conference series brings together professionals from academia and industry. It has a strong focus on systems research and development: operating systems, data base systems, real-time systems and middleware for networked, distributed, parallel, or embedded computing systems. As a highly recognized conference – rank 11 out of 581 in terms of impact factor for 2007 (CiteSeer) – EuroSys has become a premier forum for discussing various issues of systems software research and development, including implications related to hardware and applications.
