

Call for affiliated workshops

<http://www.eurosys.org/2009>

General Information

Researchers and practitioners are invited to submit proposals for workshops to be held in conjunction with the **EuroSys 2009** conference. The purpose of workshops is to provide a forum for exchanging opinions, present ideas, and discuss preliminary results in a small and interactive atmosphere.

Proposals should include:

- Workshop name and an 150 to 200 words abstract describing the workshop, suitable for the conference Web site.
- A short summary of the topic, scope and significance of the workshop including a discussion on the relation with the EuroSys topics. This should also include information about past versions of the workshop if there are any.
- Information about the procedure for selecting papers, about the plans for dissemination (ranging from, for example, special issues of journals, to just position statements distributed to the participants), about the expected number of participants and the planned format of the workshop.
- A brief CV of all the organizers including relevant contact addresses and an identification of a single primary contact.

Please send electronic submissions to 2009wscc@eurosys.org. You can expect a confirmation of the reception of the proposal. If you did not receive a confirmation, please resend the proposal.

Responsibilities

The EuroSys organization provides:

- Link from EuroSys and Workshop web sites.
- Management of registration for participants.
- Setup of meeting space, and related equipment.
- Coffee-breaks and workshop dinner arrangements.

The main responsibility of organizing a workshop goes to the chairperson(s) of the workshop. The workshop organization must take care of:

- Workshop publicity, call for papers, and submission and review process.
- Providing a brief description of the workshop for inclusion on the EuroSys web page.
- Scheduling workshop activities in collaboration with the EuroSys local organizers.

Important dates

Workshop proposals due:

Friday 17th October 2008

Notification of acceptance:

Monday 3rd November 2008

Date of Workshop:

Tuesday 31st March 2009

Deadlines and acceptance notifications for workshop papers are to be coordinated with the workshop co-chairs.

Contacts

Workshop co-chairs:

Franz J. Hauck, Ulm University, Germany and
Olaf Spinczyk, TU Dortmund, Germany
